### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-20 are allowed over the prior art of record. Current invention teaches a compact sized grip flap-closing device for a door, hood or hatch for a motor vehicle. The pivotally mounted grip flap has a rest, first contact and second contact positions. Further current invention teaches that an elastic element is between the contact actuator and the grip flap. In addition, a stop on the grip housing limits the actuation distance for the grip flap. Claimed structure in combination with the claimed limitations of the base claims are neither disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
